The *Global Standards for Social Work Education and Training* were updated in 2020. However, the new document's content is yet to fully reach the professional social work community in the Asia Pacific Region, and we face several challenges as we engage in educational reform.

We organize this joint workshop with regional speakers, to study the new *Global Standards* and discuss challenges and opportunities. Also, to provide a global perspective, we welcome IFSW Education Commissioner Dr. Vasilios Ioakimidis who co-chaired the revision of the document. Additionally, to learn from other regions, we invite a European group of social work students who have already utilized the updated Global Standards in their studies and practice.

Moderator: Dr. Mariko Kimura (IFSW–AP Regional Education Commissioner)
